Sir:

In response to the *Notice of Non-compliant Amendment* of June 12, 2008, claim identifiers for the amendments to claims filed on January 24, 2008 are herein corrected as requested by the Examiner. Claims dependent on an amended claim were presented as "Currently amended" because the meaning of the claim was amended (as has been previously accepted by the PTO in this application). Claim status identifiers were missing for two claims. These errors are corrected.
